

Leland Public School

Media Publishing Consent Form

Leland Public School recognizes the essential role the Internet plays in the modern learning environment and the need for sharing and collaboration in your child's educational experience. As a part of that experience students and teachers may want to publish examples of work or photos/videos of experiences online or public printed mediums.

Examples of mediums the school may publish to would include the school website, email newsletters, printed newsletters, local newspapers or magazines, and officially sanctioned social media such as the LPS Instagram account.

Anything published online today may be accessible by anyone in the world, your child's safety is our primary concern. Our publishing guidelines specify that works published must pertain to school related activities and/or other academic or athletic accomplishments. Publishing a student's email, phone number, or schedule is never permitted.

Parents/Guardians filling out this form will let the school know the preferences they have for publishing or not publishing images, videos, and associated names of their students. Parents must fill this form out for EACH of their students. Parents may also re-submit this form at any time and the most recent submission preferences will be used.
